SCHENEBERG IS SOLD

Star Bourbonite Twirler Disposed of to the Savannah Club of South Atlantic League

PITCHING STAFF REDUCED

President Bacon Will Scout for New Material After Holidays
—Yancey After Scanlon

"Cyclone" Jack Scheneberg, who for two seasons has been a member of the Bourbonite aggregation, will next year be a member of the Savannah club of the South Atlantic League, according to President Bacon of the Paris club who Friday announced the sale of the big hurler. While the price received for the crack twirler is not given out by the local management it is said to be a good one.

Scheneberg was one of the best pitchers on the staff of the Paris club and bore the distinction of being the only twirler in the league who last season pitched a no-hit game. In this career with the locals he met with many hard jolts and a number of games he lost during the season was the result of ragged fielding on the part of his teammates.

With the sale of Pitchers Winchell to Dayton, Williams to Toledo and Scheneberg to Savannah, the pitching staff of the local club has been reduced very materially. Poole, McCormick and Harrold remaining. President Bacon expects to make a scouting trip after the holidays with a view of securing several good pitchers for a workout at the beginning of the season.

Manager Yancey of the Lexington club, is in hope of landing Third Baseman Scanlon, who last season worked out with the Colts. Scanlon was called home on account of the serious illness of his mother but will in all probability be in Lexington next spring to begin the season with the Colts. His home is in Springfield, Mass.

Old Firm Makes Assignment.

A. J. Fee, owner of the grocery firm of Fee & Son, filed Friday in the county court a general deed of assignment for the benefit of his creditors. Dr. J. T. Vansant was named as assignee.

This announcement came as a surprise to the business circles of Paris as the old established firm which has been in continuous business for nearly half a century was thought to be on a sound financial basis.

The firm commanded one of the largest trades of any grocery in Paris. No statement was given in the deed of assignment as to the amount of assets or liabilities.

Sousa Pleases Small Audience.

John Phillip Sousa and his excellent band entertained a small audience at the Grand Opera House Friday afternoon. The program was above the average of the Sousa concerts and proved highly entertaining to the music loving people of Paris and vicinity.

The program was opened with the symphonic poem, Les Preludes, by Listz, which was followed by the beautiful cornet solo, "Showers of Gold," by Mr. Herbert L. Clarke. The two principal features of the program was the soprano solo, "The Card Song," by Miss Virginia Root and violin solo by Miss Noline Zedeler. Those who heard the concert expressed themselves as being highly pleased.

.....PAYABLE IN ADVANCE.....**Women and Hats.**

People everywhere are protesting against the big hat annoyance and the women who wear them are selfishly pursuing the practice regardless of the deluge of protests against this habit.

As a rule the woman has been regarded as the most unselfish part of the human family, and it has always been reasonable to believe that such was the truth. It was true of the women of long ago and it may be now, there can be no doubt but the persistence with which the gentler sex clings to the headgear of immense proportions during church services and theatrical performances is casting suspicion on the old time fact.

From the male standpoint these hats disfigure rather than add to the charm of the wearers, and in the church and theatre become a positive nuisance to those who are compelled to sit behind them. The woman must adhere to the prevailing styles and fashions though, whether the dictates of Dame Fashion add to her beauty or increase her ugliness, or no matter how much she tramples upon the privileges of other people.

What would women think of such conduct in men? Should a man take his seat in a theatre or church with his hat on, no matter how inconspicuous, he would be termed boorish, mannerless, and without consideration or respect for the female sex in the audience or the congregation. Women would never cease to harp on his ungallantry, yet in the same row or possibly in front of him there might have been a head adorned with millinery the size of a barn door, obscuring the view of possibly half a dozen people. However we suppose that when women are the offenders gallantry demands that smoother phrases be applied and men bear the indignities heaped upon them in grim silence.

Little Boy Burned to Death.

The three-year-old son of Will Henderson of Georgetown, met a tragic death as the result of playing with fire. As he was throwing paper into the open grate and watching it flare up, the little one's night clothes caught fire and he was horribly burned about the body and face. Medical aid was at once called, but after several hours the little boy died in terrible agony. The father, while trying to save his son, so severely burned one of his own hands that it is feared he will never be able to use it again.

Drink and Idleness.

Intemperance is fostered as much by ennui as by physical debility. A mind fully occupied has far less disposition to excess. The hardest drinking occurs in stagnant provincial towns.—London Outlook.

Sunflower Philosophy.

(Atchison, Kan., Globe.)

Any man will claim a good stray umbrella.

If a woman has whiskers, you are no gentleman if you see them.

A woman's scream frightens a burglar worse than a man's pistol.

If there is any one thing a man should do in private it is his loving.

If your average isn't the best you can do, it is at least the best you will do.

The man who can tell you all about the problem of life, can't work it himself.

Leave something on your plate for the cat, and your stomach will do better.

The only time men take real interest in church work is when there is a big row on.

It is all right for you to have enthusiasm, but don't devote it to boring your friends.

When you are in trouble, people who call to sympathize are really looking for the particulars.

There is an unwritten law among women that no woman should go farther than two blocks from home with a shawl over her head.

How Red Cross Seals Fight Consumption.

It would be impossible to tell of all the good work that the money received from Red Cross stamps last year has done during the past year, but a few instances may be cited.

In Chicago, a little over nine thousand dollars was realized, and this money for five months supported eight free tuberculosis dispensaries, together with eleven visiting nurses, one thousand eight hundred and fifty new patients being examined and eight thousand seven hundred and sixty visits made to the clinics. In addition to this for the same five months the central office of the Chicago Tuberculosis Institute was supported, and through this office hundreds of thousands of people were helped in that city and throughout the state of Illinois.

In Brooklyn, the five thousand dollars taken in from the stamp sale has gone to support a ferry boat day camp with an average daily attendance of seventy-five. Many patients have been restored to health and usefulness as the result of this work.

In New York, the County Red Cross Day Camp on the roof of the Vanderbilt Clinic has given a chance for new health to hundreds of consumptives. Similar camps have fought the fight against tuberculosis in Kingston, N. Y.; Schenectady, N. Y.; Washington, D. C.; Kalamazoo, Mich.; Cleveland, Ohio, and in many other cities.

Special nurses have been provided from the Red Cross funds and in some cases, tuberculosis dispensaries have been established. Literature has been printed and distributed, lectures given, exhibits conducted, and legislatures, municipal and county authorities stirred to activity as the result of the Red Cross Stamp sale of 1909. Every stamp has been a real bullet in the fight against tuberculosis.

Providing for the Future.

"Why do you insist on taking that youngster's photograph every few weeks?" "After he has plunged into the hardships and responsibilities of mature life he can take the pictures out and look at 'em. When he sees how his mother used to dress him and cut his hair he'll feel more resigned to being grown up."—Washington Star.

Cock Fighting in Mexico.

In the smaller towns and villages of Mexico the cock fight still holds its own in the hearts of the populace, and to fair or public festival is complete without its cock-pit, which is generally well advertised and made one of the attractions of the festival. At these festivals, as in the olden days, betting is still a feature of the sport, and often much money changes hands.

Ben Johnson, Congressman from the Fourth Kentucky district, formally announced at Bowling Green Monday his candidacy for the Democratic nomination for Governor of Kentucky.

Constipation Cure Free

With the first signs of constipation you resort to the home methods of relief, such as hot or cold water on arising, lots of stewed fruit with your breakfast, etc., but what do you do when these fail?

The majority then start on salts and purgative waters, then change to cathartic pills, etc. If you have gone through these various stages you know they were all useless, so far as permanent results go. Now you should try just once again, but try something practical and sensible, a remedy made and intended for the purpose you are trying to accomplish. Such a remedy, as thousands can testify, is Dr. Caldwell's Syrup Pepsin, which is guaranteed to be permanent in its results. Its ingredients are such that by a brief use of it the stomach and bowel muscles are trained to again do their work normally, so that in the end you can do away with medicines of all kinds. That it will do this Mr. G. Y. Dodson of Sanville, Va., will gladly attest, and so will Mrs. S. A. Hampton of Portage, O.

To those who are still skeptical there is a way to prove these assertions without a penny of expense: Simply send your name and address to Dr. Caldwell and obtain a free sample bottle. After using it, if you are then convinced it is the remedy you need, buy a fifty-cent or one-dollar bottle of your druggist and continue to use it for a brief time until cured. The directions are simple and the dose is small. It is pleasant to the taste, does not gripe and is promptly effective, and these statements are guaranteed or money will be refunded.

This remedy is over a quarter of a century old and is personally taken by more druggists than any other similar remedy on the American market. Because of its effectiveness, purity and pleasant taste it is the ideal laxative remedy for children, women and old folks generally. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG,
SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

Subpoenas in Breathitt Case Stolen.

Subpoenas for more than forty Commonwealth witnesses to appear in the case of the Commonwealth vs. Hacker Combs, John and Thomas Davidson and Jason Deaton, charged with the murder of John Abner in Breathitt county, issued from the Bourbon Circuit Court and sent to Jackson for execution are reported to have been stolen from the office of Sheriff Thomas Hudson in Jackson.

Information of the theft was received in Paris in the form of a letter from the Breathitt Sheriff to W. H. Webb, Clerk of the Bourbon Circuit Court, who turned the document over to Commonwealth's Attorney Robert B. Franklin.

The trial was scheduled to come up in the Bourbon Circuit Court tomorrow morning for trial. A new set of subpoenas were issued and sent to Breathitt county, and it is believed they can be served in time for the trial tomorrow. No information has been obtained as to the identity of the purloiner of the legal documents which were all important to the prosecution.

SHE SAW THE BIG SPARKLER

Shoe Clerk With the New Diamond Ring Attracted Both Attention and Reprimand From Customer.

As the man who writes little items for the paper sat getting himself fitted with a pair of shoes the other day he saw this happen: A woman was getting waited on by a clerk who wore on the third finger of his hand a diamond twinkler weighing at least a carat and a quarter. He hadn't always worn a ring of that sort. It was new to him. He took a great deal of pride in his new ring. Oh, how it sparkled when the light was just right! Once or twice he got so interested in twisting it around on his finger with his thumb to a position to where it would be most easily noticed by the woman customer that he forgot to finish lacing up the shoe she was trying on.

But he had succeeded in bringing the jewel to her attention. She had a sharp, leathery, suffragette face and a disposition to speak right out on things.

"I see it," she remarked in a refrigerated tone, "it's very pretty and attractive. You wear it with a good air of abandon, too. I admire it exceedingly. After you've finished trying with it, I wish you would go ahead and show me something else—something with not quite such a narrow toe."—Cleveland Plain Dealer.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a nerve-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, la-grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c. \$1.00. Trial bottle free. Guaranteed by Oberdorfer's.

Manners vs. Mannerism.

There's a vast difference between manners and mannerisms. For instance, manners takes its soup softly and quietly, while mannerism gorges it. Manners says: "Pars the butth, please;" while mannerism bites a chunk out of a piece of bread and stutters: "Slip me the grease, will you?"—Detroit Free Press.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe and sure. 25 cents at Oberdorfer's.

New Use for Buttons.

Little Mayme, aged four, and her older sister were sitting near the window one day when suddenly her sister dropped a button out of the window, which an old hen swallowed at once. Then the silence was broken by little Mayme saying very earnestly: "Now there'll be a button in the egg."—De-linerator.

Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Aina: a salve it banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25 cents at Oberdorfer's.

Pellucid English.

A sign in a tailor shop attracts "Longfellow's" eye, and he sends in a copy thereof as follows: "Notice! Work that is made here when altered after ninety days is got to be paid."—Newark News.

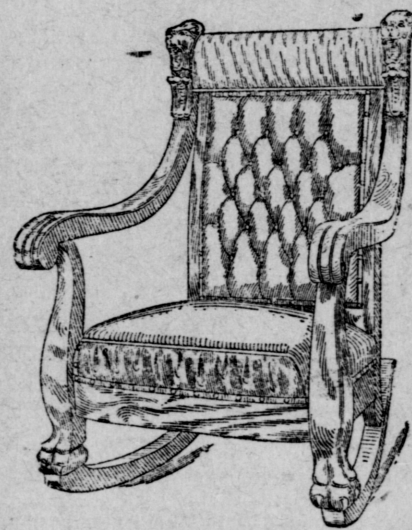

Hardly Complimentary.

A widow not 100 miles from Bishop Auckland had been in the habit of giving any old boots she had to spare to a customer for his wife. Not having had any for some time, he called and asked the widow if she had any boots, adding: "Ye see, my missus hes such greet, lang, ugly, splattering feet, that Aw canna get a pair to fit her only yours, an' she can wear them comfortable."—Exchange.

Flagman Promoted.

James Cox of Paris, flagman on the L. & N. train between this city and Maysville, as a reward for his bravery during the fight which took place on his train between Cleveland and Watt Stafford of Carlisle, and John McKee, in which the latter was seriously cut, has been promoted to the position of flagman on the fast train between Paris and Lexington. Cox went to the rescue of McKee when the Staffords assaulted him and by the free use of a black jack both men were rendered unconscious, but not until McKee had been seriously injured by the brothers.

Two Claysville Negroes Indicted on Thirty Counts for the Illegal Sale of Liquors

STAFFORD PLEADS GUILTY

Judge Stout Continues Ill and Special Judge is Appointed by Governor Willson

The grand jury in a partial report filed in the Bourbon Circuit Court Friday took a whack at the illegal sale of intoxicating liquors in the negro suburb of Claysville and brought in twenty indictments against Jordan Richardson, and ten indictments against Bud Machem, both colored, for alleged violation of the liquor laws and selling liquor on Sunday.

Richardson and Machem were immediately arrested upon bench warrants which were served by Deputy Sheriff W. F. Talbott and Ernest Martin. Richardson's bond was fixed at \$1,000 and Machem's at \$500. Both of the men indicted have been fined repeatedly in the county courts on similar charges.

After reporting to the court the grand jury adjourned until this morning when it will again resume its labors and will in all probability file its final report in court today, when it will be discharged.

The case of the Commonwealth vs. Cleveland Stafford was called upon the convening of court Friday morning and the morning session was almost entirely taken up by attorneys in preparing affidavits for a continuance. It was finally agreed to permit the defendant to enter a plea of guilty and his punishment fixed at confinement in the penitentiary for two and one-half years.

Stafford and his brother, Watt Stafford, were indicted for the malicious cutting of John McKee on a passenger train on the Maysville division of the L. & N. railroad. Watt Stafford is now serving a sentence of two years in the penitentiary received at the last term of court.

Owing to a slight disposition of Judge Stout there was no business transacted in court Saturday. Judge Stout has been suffering with a severe cold and symptoms of lagrippe. He contemplated a call of the equity docket Saturday and had notified members of the bar to that effect.

Yesterday the condition of Judge Stout was not improved. The Governor Willson was notified of his illness. Acting upon this advice Governor Willson appointed Judge J. C. Carter, of Tompkinsville, Monroe County, Judge of the 29th Circuit Court District, as special judge to continue the Bourbon Circuit Court. Judge Carter will arrive in Paris Wednesday when the trial of Hacker Combs, John and Thomas Davidson and Jason Deaton under indictment for the murder of John Abner, in Jackson, the case being transferred to Bourbon county will be called. A compromise in the damage suits of Joseph Fithian Rye vs. The Paris Electric Light Co. and James H. Rye vs. same which were to be called today, was reported last night. The terms of the compromise could not be learned.

Hitchcock Recommends Parcels Post.

A limited parcels post for the rural free delivery routes will be recommended by Postmaster General Hitchcock in his forthcoming annual report. In announcing this the Postmaster General foresees the establishment of a general parcels post throughout the country as soon as the postal savings system is thoroughly organized. As the preliminary step in the development of such a service Mr. Hitchcock will ask Congress to authorize the delivery on rural routes of parcels weighing as high as eleven pounds, which is the weight limit for the international parcels post. This form of service, it is maintained, can be conducted with little if any additional expense to the government. It will not require the appointment of more carriers, for those already employed have the necessary equipment in the way of horses and wagons to distribute the parcels, as well as the ordinary mail. Rarely is the latter of sufficient volume to take up more than a small portion of the mails pace in the carrier's wagon.

A rural parcels post of the kind proposed, if successfully conducted, probably would lead the department to attempt a more general system. Mr. Hitchcock believes, however, that before the parcel service is extended to the whole country, definite information should be obtained as to the nature and volume of business to be handled. He accordingly urged that in conjunction with the experiment on rural routes, a further inquiry be authorized by Congress in order that the department may be in a better position to develop the system on conservative lines. He recommended that a special appropriation for the inquiry be granted at the coming session.

Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me.

"I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. "A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

Take CARDUI
The Woman's Tonic

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not.

If you do need it, do not delay, but commence to use it at once. Every day of delay, only lets you slide further down the hill.

Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless remedy completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50 cents at Oberdorfer's.

Same Thing in the End.

A physician says that there is no such thing as "taking cold." Which reminds one of the old saw that you don't take a car, but that the car takes you.

Big Suit Against L. & N.

Suit was filed in the Franklin Circuit Court last week by direction of State Auditor James, against the Louisville & Nashville railroad for \$640,000 franchise taxes on property alleged to have been fraudulently omitted by the road in its report to the auditor during the past five years, beginning in 1906. The petition alleges that the omissions were made as to correct net earnings, correct mileage and wrongfully deducting the dividends paid each year from the gross earnings when they were not paid out of this sum.

Whisky at \$10 a Barrel.

Whisky in Kentucky will pay the highest tax to the State this year that has ever been paid. The State Board of Valuations and Assessments Thursday afternoon late fixed the value of whisky at \$10 a barrel, the highest valuation that has ever been placed on whisky in this state. The board acted after hearing protests against the \$10 assessment from several distillers headed by John McCulloch of Owensboro. The distillers claimed that the assessment of \$10 was too high and that if they had to pay taxes on whisky on a basis of \$10 a barrel they would be paying a higher rate than any other property in the state. The board thought that \$10 was a fair average, cash value of the whiskey, and the tentative assessment of that figure was made final. The value of whisky was \$8 a barrel for many years, and was placed at \$9 a barrel by the State board for last year and the year before. For several years the tentative assessment made by the State board has been \$10 but this has always been reduced until this year when the board decided that the assessment would have to be increased. The increase of one dollar a barrel on the value of whisky will bring in several thousands of dollars a year more than with the value as fixed last year.

Invention of the Clarinet.

The clarinet, or clarionet, is supposed to have been invented in 1690 by Joseph Christopher Denner, at Nuremberg, though some authorities trace its existence to medieval times. Since its invention it has undergone many changes and improvements, and the modern clarinet, from the extent, quality and variety of its tone, is one of the most perfect of wind instruments.

The Bahamas.

The Bahamas have no descendants now of the Indians whom Columbus found there. They were carried away by the Spaniards to work in mines and pearl fisheries elsewhere, when they were not ruthlessly exterminated. Of the white population many are the descendants of the Loyalists of Georgia and South Carolina who fled hither when the United States became independent. The blacks' speech presents one specially curious feature: they exchange their vs and ws, exactly as the Londoner did when Mr. Weller insisted upon spelling his name with a "We."

Its Greatest Beneficiary.

Speaking at the church congress, the bishop of Bristol expressed the view that motoring had done much for the church. Yes, but not so much as it has done for the churchyard.—Punch.

Underground Street May be Built.

The building of an underground street, the first of its kind in the world, under St. George's hill, on upper end of Manhattan Island in New York, is favored by Nelson P. Lewis, a city engineer, in a report which he made to the board of estimate. The street would be more than 800 feet long, 16 feet wide and 16 feet high, for pedestrians only. Elevators are to be used to carry passengers to the surface. The hill is 190 feet high.

Cases Against Saloon Men Dismissed.

Squire M. H. Haggard, acting County Judge in the absence of Judge Gates Thursday dismissed the cases of the Commonwealth against nine saloons for breaking the local option law in Georgetown. Haggard is now a Magistrate, and seems to take the position he was not qualified to act in the cases. He gave his opinion that the town is not dry because the mandate of the court of appeals has not been filed in the lower court. Because of various opinions of the lawyers as to the law, the officers are making no attempt to close the saloons. The "drys" will exhaust every means to close them.

Freedom.

Indeed, the first point we have all to determine is not how free we are, but what kind of creatures we are. It is of small importance to any of us whether we get liberty; but of the greatest that we deserve it. Whether we can win it, fate must determine; but that we will be worthy of it we may ourselves determine; and the sorrowfullest fate of all that we can suffer is to have it without deserving it.—Ruskin.

Maxims of a Novelist.

Cynical Grouch.

Even at the time when crinolines were in fashion it was generally admitted that they were monstrous things, though some women defended them. One of those, a silly woman, having archly remarked that if crinolines had no other advantage they at least kept men at a distance, added, "That, at least, you will admit is a great blessing." "To the men," growled an old bachelor who was present.

PRETTY SOCIETY EVENT

Allen-Alverson Wedding Celebrated at Bride's Home in Millersburg Saturday

OBJECTION TO NEW DEPOT

J. M. Caldwell is Prospering in Northwest Where He Located—News of Millersburg

One of the most notable weddings in the history of Millersburg, took place Saturday afternoon at three o'clock at the beautiful home of Mr. J. G. Allen, when his youngest daughter, Miss Elizabeth Wall Allen, became the wife of Mr. Jesse March Alverson of Frankfort. The event had been looked forward to with much interest since the announcement of their engagement in September.

Last week was a festive week. Four brilliant entertainments were given in honor of Miss Allen. On account of the prominence of the contracting parties a large number of guests from a distance were present, many of whom arrived Friday. Notwithstanding the inclement weather of Saturday the wedding was largely attended. The large palatial residence was darkened and softly illumined with pink tapers. The color scheme was pink and blue. The decorations were smilax and palms with blue tulle. A string band from Lexington furnished delightful music while the guests were gathering. Autos and carriages conveyed the people to the residence and though it was snowing hard the guests experienced but little difficulty in getting there.

At the appointed time the wedding party wended their way down the colonial spiral stairway in the following order: Mrs. Chas. Kirkpatrick, Mt. Sterling, in blue marquisette over satin, with crystal and lace trimmings, on the arm of General Henry R. Lawrence, Cadiz, Ky., former Speaker of the House of Representatives; Miss Sallie Taylor Woods, Stanford, attired as Mrs. Kirkpatrick and Judge W. E. Dowling, Lawrenceburg, Ky., present State Senator from the Twentieth

Judicial District; Miss Gertrude Sleda, maid of honor, Shelbyville, in pink dew drop chiffon over satin trimmed in ermine, and best man Judge J. M. Lassing, Newport, Judge of the Kentucky Court of Appeals. Then came the bride and groom. Miss Allen was attired in white chiffon over satin, with real lace, pearls and crystal trimmings. The wedding veil was caught with orange blossoms.

The whole formed a pretty group in the front parlor where they were met by Rev. W. E. Ellis, of Cynthiana, who with an appropriate ceremony with the ring pronounced them man and wife, after which an informal reception was held the entire company extending congratulations. Ices and cakes were served. They were the recipients of more than one hundred and fifty handsome presents consisting of glass, silverware, China linen and checks and coin, the most valuable of which perhaps was one hundred dollars in gold, the gift of the best man, Judge J. M. Lassing, of the Kentucky Court of Appeals, a life-long friend of Mr. Alverson.

At five o'clock the bridal party took an auto for Lexington where they boarded a C. & O. train for a wedding tour in Washington, New York and other Eastern points. They will return to Millersburg for the Christmas holidays and will be at home to their many friends at Frankfort after January 1.

Miss Allen is the youngest daughter of Mr. J. G. Allen, president of the Farmers' Bank, and is a beautiful and accomplished young lady and a graduate of Georgetown College. Since making her debut a few years ago she has been recognized a leader of society. She belongs to an old historic family with a large relationship in this and other states, many of whom have carved considerable fame on the tablet of time.

Hon. Jesse March Alverson, formerly of Stanford, is now connected with the Frankfort News. He is prominent in both political and social circles with a large circle of friends throughout Kentucky. He has presented Lincoln county twice in the Lower House of the General Assembly and in his last election received the largest majority of any Democrat in his county. For the past two terms he has been assistant clerk of the Senate. This couple have begun life under most auspicious circumstances and it is the wish of all who know them that the beautiful rainbow of fortune may brighten their future lives as it has their past.

The many friends of Mr. J. M. Caldwell

well will be glad to learn of his success in Alberta Province, Canada. He writes that considering the season everything is flourishing. Real estate is steadily advancing and we are glad to report the following sales recently made by him: He sold 160 acres at \$100 per acre and 160 acres at \$90 per acre, leaving him 530 acres. This was at a large advance over what he paid for it a little over a year ago.

The Louisville & Nashville railroad it is said, will erect the new depot on the site formerly occupied by the Miller warehouse on the East side of the track. This is decidedly objectionable to merchants, shippers and passengers. A great deal of the time a freight train will be in the way, besides it is not accessible for business. It is hoped that the company may yet rescind this order and locate their building on the west side of the track.

—Miss Mary Belle Taylor, of Rochester, N. Y., is the guest of her sister, Mrs. R. S. Sanders.

—Miss Nellie Shea, Mrs. S. D. Dodson and Mr. J. H. Linville continue about the same.

—Mr. William Letton of Atlanta, Ga., is the guest of his mother, Mrs. Jennie Letton, and family.

—Miss Lottie Vimont of Keokuk, Iowa, arrived Thursday, as the guest of her aunt, Miss Elizabeth Vimont.

—Mr. Henry Miller of Atlanta, Ga., arrived Saturday as the guest of his brother, Dr. W. M. Miller and family.

—The heaviest snow of the season fell here Saturday night and was about seven inches in depth. It was the earliest snow in many years here.

—See the California gold quarters and half-dollars in my window. They are just what you are looking for. AARON MCCONNELL.

—The Mission Study Class of the Presbyterian church will hold their Christmas bazaar today in the vacant room of Mrs. Sue V. Sandusky.

—Mr. and Mrs. William Marshall returned Thursday from their wedding tour in the East and are present at the home of his mother, Mrs. Sarah Marshall.

—The advance pupils in music and expression of the M. F. C. will give a recital Friday evening beginning at 7:30 o'clock in the college chapel. All friends and patrons of the institution are cordially invited.

—Miss Louie Sheridan of St.

December Court.

December court was one of the smallest in many months. The inclement weather had the effect of reducing the size of the average crowd, but with the holiday season so close to hand merchants in all branches of business report a brisk trade. Only a few mules on the market. Aca Jewell of Lexington, purchased seven mules of Clark & McClintock at \$200 per head; two of Thos. McClintock for \$380; one of W. D. McIntyre for \$160. Thos. McClintock purchased of Earl Ferguson a pair of mules for \$450.

At the pens of M. J. Murphy & Co., 150 head of cattle were offered all of which were sold at from 4½ to 4¾ cents. One hundred head of sheep were offered but the demand was slow and light and trading dull, a few changing hands at 4½ cents. A few milk cows on the market but no demand.

At the Comet.

Two excellent pictures at the Comet this afternoon and tonight, "The Sage, the Cherub and the Widow," and "The Message of the Violin." Watch for the flight of the airship in front of the Comet this week.
